# Chemical/Petrochemical

**Safety**

Protecting What Matters Most

## Be Prepared with the Right Supplies on Hand

After you assess your inventory of chemical/petrochemical lab products, put a check mark next to the items that you need to reorder. Then, complete the Location and Responsible Party Columns to help streamline the restocking and purchasing process for your clinic or lab.

| Product                               | Type                        | Location                 | Responsible Party |
|---------------------------------------|-----------------------------|--------------------------|-------------------|
| Weighing Supplies                     | Analytical Balances         | <input type="checkbox"/> |                   |
|                                       | Top-Loading Balances        | <input type="checkbox"/> |                   |
|                                       | Micro Balances              | <input type="checkbox"/> |                   |
|                                       | Balance Accessories         | <input type="checkbox"/> |                   |
|                                       | Weigh Boats                 | <input type="checkbox"/> |                   |
|                                       | Weigh Paper                 | <input type="checkbox"/> |                   |
|                                       | Spatulas                    | <input type="checkbox"/> |                   |
