

Thermo Scientific Nunc Conical Centrifuge Tubes

Innovation at every turn

Discover a suite of conical centrifuge tubes uniquely designed to improve results across your entire cell culture process.

High-volume, Wide-mouth Conical Centrifuge Tube

More volume. More access. More space for decanting.

Thermo Scientific[™] Nunc[™] 250 mL Conical Tube

The new Thermo Scientific Nunc 250 mL Conical Tube offers added capacity for your larger samples with a one-of-a-kind wide mouth design, providing open, easy access for pipetting, decanting and removal of the pellet following centrifugation.

Easy access for pipetting and simple removal of pellet

> One-of-a-kind wide mouth for up to 250 mL capacity

Safely and completely decant after centrifugation

A New Spin on Lower Volume Conical Centrifuge Tubes Flip or twist. Rack or bulk. Write big or small. You choose.

We offer a variety of options when your research calls for using 15 and 50 mL conical centrifuge tubes in your lab.

Thermo Scientific[™] Nunc[™] 15 mL and 50 mL Conical Centrifuge Tubes

Increased traceability

 largest writing area on the market provides more space for labeling your research

Environmentally friendly

- recyclable plastic rack reduces waste in the lab
- new plastic rack minimizes risk of contamination and particles
- tubes are sterile with a 10⁻⁶ SAL

Highly certified

- higher RCF rating enables greater range of applications from low-speed to super-speed centrifugation
- leak-proof to protect your samples
- USP Class VI, non-pyrogenic, non-cytotoxic and RNase/DNase free to help ensure optimal reliability and performance

Thermo Scientific[™] Nunc[™] EZ Flip[™] Conical Centrifuge Tubes

Ergonomic design

• enables one-handed opening and closing

Integrated leak-proof cap

prevents cross contamination

Optimal performance

• clarified polypropylene combines chemical resistance and high-speed tolerance

Compatible with a wide range of centrifuge rotors

standard dimensions provide greater usability in your lab

enables **one-handed** opening and closing

Ordering Information

Description	Thermo Scientific Nunc Conical Centrifuge Tubes are RNAse/DNAse free, USP Class VI, Sterile 10 ⁻⁶ SAL, Non-pyrogenic, Non-cytotoxic, clarified polypropylene and leak-proof				
	Cat No	Volume	Max RCF Tested	Packing	Unit per Pack /Case
	12-566-441	250 mL	10.000*	Bagged	4/40
	12-565-268	15 mL	10.500*	Bulk	50/500
	12-565-269	15 mL	10.500*	Racked	25/500
	12-565-270	50 mL	17.000*	Bulk	25/500
	12-565-271	50 mL	17.000*	Racked	25/300
Description	Thermo Scientific Nunc EZ Flip Conical Centrifuge Tubes are RNAse/DNAse free, USP Class VI, Sterile 10 ⁻³ SAL, Non-pyrogenic, Non-cytotoxic, clarified polypropylene and leak-proof				
Manual and a state	Cat No	Volume	Max RCF Tested	Packing	Unit per Pack /Case
	12-565-801	15 mL	8500*	Bulk	50/500
	12-565-802	15 mL	8500*	Racked	50/500
	12-565-803	50 mL	9500*	Bulk	25/500
	12-565-804	50 mL	9500*	Racked	25/500

*When fully supported by conical rotor cavity or conical adaptor. Note the maximum speeds listed are guidelines only. These speeds have been achieved in reliability tests based on sedimentation of 1.2 specific gravity fluid at 18°C.

All conical centrifuge tubes are made of clarified polypropylene, giving customers good view of separations and final pellet.

All conical centrifuge tubes are for research use only.

Enhance your Centrifuge Experience

Our centrifuge systems deliver outstanding performance and reliability in the lab. From microcentrifuges and benchchtop instruments, to advanced floor models and innovative carbon fiber rotors – all are designed to offer exceptional quality for consistent results.
