

# Improve Lab Productivity

## LabChem Analytical Testing Reagents

The Fisher Scientific channel provides unmatched choice with top brands that provide a full range of products you need to perform regulated testing as part of your daily operations. Count on getting consistent, reliable results, without wasting time and precious samples.

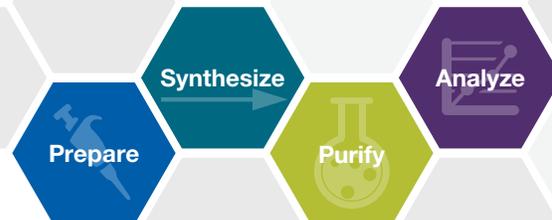

Improve your productivity by utilizing prepared reagents for all of your pH and conductivity calibration needs. LabChem™ calibration solutions help assure reliable, accurate and consistent testing results. There are over 2,000 LabChem products that can be delivered to you on time at a great value.

### Conductivity Standards

LabChem conductivity standards are consistently right and verifiable. They are NIST Traceable and include a lot-specific certificate of authenticity. The accuracy of your analysis is our top priority.

Cat. No.	Description
LC187501	LabChem Conductivity Standard, 84 $\mu\text{mho/cm}$
LC187602	LabChem Conductivity Standard, 500 $\mu\text{mho/cm}$
LC187802	LabChem Conductivity Standard, 1409 $\mu\text{mho/cm}$
LC187742	LabChem Conductivity Standard, 3000 $\mu\text{mho/cm}$
LC187752	LabChem Conductivity Standard, 5000 $\mu\text{mho/cm}$
LC187772	LabChem Conductivity Standard, 10000 $\mu\text{mho/cm}$
LC187891	LabChem Conductivity Standard, 15000 $\mu\text{mho/cm}$
LC187912	LabChem Conductivity Standard, 100000 $\mu\text{mho/cm}$

## pH Buffer Solutions and Reference Standards

Whether you are testing raw material, in-process or finished goods, LabChem reagents are designed for the methods you use every day. They're available in sizes ranging from 20 mL to 20 L.

Cat. No.	Description
LC12380	LabChem Buffer Solution, pH 7.0
LC12280	LabChem Buffer Solution, pH 4.0
LC12250	LabChem Buffer Solution, pH 3.0
LC12500	LabChem Buffer Solution, pH 10.0
LC12210	LabChem Buffer Solution, pH 1.68
LC12420	LabChem Buffer Solution, pH 8.0
LC12440	LabChem Buffer Solution, pH 9.0
LC12560	LabChem Buffer Solution, pH 12.0

### Special Offer

#### Save 25% on LabChem Conductivity Standards

Get 25% off your purchase of two or more qualifying LabChem conductivity standards.

Visit [fishersci.com/labchem25](http://fishersci.com/labchem25) or [fishersci.ca/labchem25](http://fishersci.ca/labchem25) to learn more.

Visit [fishersci.com/labchem](http://fishersci.com/labchem) or [fishersci.ca/labchem](http://fishersci.ca/labchem) to see the complete collection of LabChem products.
