

# Support Your Electrochemistry Workflow

## High-Quality Analytical Testing Products

The Fisher Scientific channel provides unmatched choice with top brands that provide a full range of products you need to perform electrochemistry testing as part of your daily work. Count on getting consistent, reliable results, without wasting time and precious samples.

Thermo Scientific™ Orion™ titrators, pH meters, and electrodes and Fisher Chemical™ buffers and standards can support your electrochemistry workflow throughout the process. No matter your technique, the Thermo Scientific and Fisher Chemical brands have high-quality products to help you get the accurate results that you can rely on.

### Benchtop pH Meters

Improve your sample measurement with the Thermo Scientific™ Orion™ Dual Star™ pH/ISE Dual Channel Benchtop Meter. The Orion Dual Star meter allows you to view the results of two channels simultaneously or display large individual measurements on a large, backlit graphic display.

Cat. No.	Description
13-642-781	Orion Dual Star pH/ISE Dual Channel Benchtop Meter with ROSS Ultra Glass-Body pH Electrode, ATC Probe, and Stand
13-641-291	Orion Dual Star pH/ISE Dual Channel Benchtop mMter with ROSS Ultra Triode Epoxy-Body pH/ATC Electrode
13-642-789	Orion Dual Star pH/ISE Dual Channel Benchtop Meter Sodium and pH Kit with ROSS Sodium Ion Selective Electrode, ROSS Sure-Flow Glass-Body pH Electrode, ATC Probe, Solutions, and Stand
13-642-786	Orion Dual Star pH/ISE Dual Channel Benchtop Meter Chloride and pH Kit with Orion Chloride Ion Selective eElectrode, ROSS Sure-Flow gGlass-Body pH Electrode, ATC Probe, Solutions, and Stand

### Electrodes

Thermo Scientific Orion electrodes are paired with the Orion Dual Star benchtop meter to offer superior performance and provide accurate, reliable, and reproducible results.

Cat. No.	Description
13-642-243	Thermo Scientific™ Orion™ ROSS™ Sure-Flow™ pH Electrode with Sure-Flow Junction and BNC Connector
13-643-201	Thermo Scientific™ Orion™ ROSS Ultra™ Refillable pH/ATC Triode™ Combination Electrodes for Orion Series Meters
13-642-245	Thermo Scientific Orion Sodium Electrodes
13-642-267	Thermo Scientific Orion Chloride Electrodes
13-642-272	Thermo Scientific Orion Calcium Electrodes
13-642-271	Thermo Scientific Orion Potassium Electrodes
13-645-157	Thermo Scientific Orion Cupric Electrodes
13-642-266	Thermo Scientific Orion Silver/Sulfide Electrodes

## Titrators

Use the Thermo Scientific Orion Star T940 All-in-One Titrator for flexible pH, redox, and ion concentration titrations. The simplified automated system makes performing titrations easier, more reliable, and more reproducible than manual titrations.

Cat. No.	Description
13-642-967	Thermo Scientific Orion Star T940 All-in-One Titrator, No Electrode
13-642-968	Thermo Scientific Orion Star T940 All-in-One Titrator, Standard ROSS Kit
13-642-969	Thermo Scientific Orion Star T940 All-in-One Titrator, ROSS Sure-Flow Kit
13-642-786	Orion Dual Star pH/ISE Dual Channel Benchtop Meter Chloride and pH Kit with Orion Chloride Ion Selective eElectrode, ROSS Sure-Flow gGass-Body pH Electrode, ATC Probe, Solutions, and Stand

## Buffers and Standards

When it comes to standardizing pH meters and titration equipment, the Fisher Chemical brand has hundreds of buffers and standards to fit your needs. Manufactured to exacting standards and packaged for convenience, you'll find a Fisher Chemical buffer and standard to meet virtually every laboratory or field application.

Cat. No.	Description
SA484	Fisher Chemical Hydrochloric Acid Solution
SA2124	Fisher Chemical Sulfuric Acid Solution
SB1014	Fisher Chemical Buffer Solution, pH 4
SB1074	Fisher Chemical Buffer Solution, pH 7
SB1154	Fisher Chemical Buffer Solution, pH 10
SS2554	Fisher Chemical Sodium Hydroxide Solution
SI864	Fisher Chemical Iodine Solution
SS724	Fisher Chemical Silver Nitrate Solution
