## Equipment Services

### Rentals

#### Portable Gas Detection Instruments

MSA rents out a line of portable single- and multiple-gas instruments and calibration stations from their rental service centers. This equipment is available for either short- or long-term needs.

#### About

Some safety equipment requirements come up unexpectedly, but MSA is ready to help. The MSA Safety Equipment Rental program is designed to help you fulfill equipment requirements for tight turnarounds or other project needs. Portable gas detectors available through this program include, but are not limited to, Altair io360, Altair 2X, Altair 4X, and Altair 5X.

Contact the Fisher Scientific team to inquire about product availability and obtain a quote. You can also reserve your desired equipment, complete a rental agreement, and supply a purchase order. The rental term begins when you receive the equipment and ends when it is shipped back to MSA.

#### Key Benefits

- Get equipment quickly
- No upfront expenses
- Easy, convenient process
- Large product fleet available
