Safe Floor Assessment

A PIG-exclusive assessment to identify areas for improvement and recommend specific mats.

About

New PIG's Safe Floor Assessment identifies areas for improvement and recommends specific GRIPPY mats. This matting solution creates safe floors, enhances appearance, and reduces costs and incidents while improving cleaning efficiencies and lowering environmental impact. You can help keep your facility safer by preventing slips, trips, and falls.

Key Benefits

The Safe Floor Assessment's exclusive benefits of the PIG Grippy Mat:

- Creates safe floors: Stays put for three to six months to add traction in entrances, walkways, and other wet areas
- Enhances appearance: Creates continuous runs with ample walk-off to eliminate overlaps and coverage gaps
- Simplifies cleaning: Lets you clean your floors and mats at the same time without moving bulky rugs
- Reduces costs and claims: Eliminates wasted labor while minimizing workers' comp and liability incidents
